- Additional Information: Agreements, Compliance, Inspections, Maintenance, Ordinances & Requirements ([Link to **New Residence Packet**](#))

Residential Alterations Submittal Requirements

- Submit Village of Caledonia **Building Permit Application**
 - Provide two sets of scaled building plans of proposed Building Alteration
 - Note: Can use graph paper
 - If applicable, engineered drawings may need to be provided.
 - If applicable, **Plumbing & Residential Electrical Permit** Applications need to be submitted separately.

Residential Additions Process & Requirements

- Contact the Planning & Zoning Department to confirm setbacks, if an addition can be placed on the property/parcel and what size of addition that may be allowed on specified property/parcel.
- Submit Village of Caledonia **Building Permit Application**
 - Supply a Plat of Survey (scaled drawing) locating the proposed addition with setbacks from the lot lines and other building structures.
 - Two scaled copies of detailed building plans of the proposed addition or submit a PDF copy.
 - An energy worksheet acquired from the HVAC contractor or submit a PDF copy
 - If applicable, a site grading plan may need to be provided.
 - If applicable, **Plumbing & Residential Electrical Permit** Applications need to be submitted separately.

Residential Foundation Repair Submittal Requirements

- Submit the **Residential Roofing/Siding/HVAC/Foundation Repair Permit Application**
 - Scale detailed drawing plan of the proposed Foundation Repair or submit a PDF copy.
 - Additional specifications may be required by the Building Inspector.

Accessory Building Structures Submittal Requirements (Garage, Pole Barn, Sheds, Etc.)

- Contact the Planning & Zoning Department to confirm setbacks, if an Accessory Building can be placed on the property/parcel, and size of structure may be allowed on specified property/parcel.
- Submit Village of Caledonia **Accessory Structure Building Permit** Application
 - Supply a Plat of Survey or a scaled Site Drawing locating the proposed Accessory Building with setbacks from the lot lines and other buildings/structures.
 - Note: Accessory Building Permit (including "hen coops") will be required for any structure 36 square feet or larger.
 - **Note:** An Accessory Structure Building 250 square feet or larger is required to be placed on a concrete slab.
 - **Note:** Any Accessory Structure Building 400 square feet or larger will require a Plat of Survey of the location of the proposed structure. Surveys must include setbacks, elevations, and drainage plan.
 - Two scaled copies of detailed drawing plans/specifications for the proposed structure or submit a PDF copy.
 - Additional specifications may be required per the Building Inspector.

Residential Decks

- Contact the Planning & Zoning Department to confirm setbacks, if a Deck can be placed on the property/parcel, and size of Deck that may be allowed on specified property/parcel.
- Submit Village of Caledonia **Deck Permit Application**
 - Supply a Plat of Survey or a scaled Site Drawing locating the proposed Deck with setbacks from lot lines and other buildings/structures.
 - Two scaled copies of detailed building plans/specifications for the proposed deck or submit a PDF copy. (In accordance with the **Deck Code**)
 - Additional specifications may be required by the Building Inspector.

Swimming Pools

- Contact the Planning & Zoning Department to confirm setbacks, if a Swimming Pool can be placed on the property/parcel and the size of Swimming Pool that may be allowed on the specified property/parcel.
 - Note: Fence Permits are required for any pool installation that has less than a 48" wall height. (Starting measurement from the ground level to the top of the wall.
 - An inground pool must be enclosed by a fence per Village Ordinance.
- Submit Village of Caledonia **Swimming Pool Permit Application**
 - Inground Pools shall supply a Plat of Survey with a scaled drawing locating the proposed Swimming Pool may to be placed.
 - Above Ground Pools shall supply a Plat of Survey or a scaled Site Drawing for all above ground pools with a scaled drawing locating the proposed Swimming Pool may to be placed.
 - Submit the Swimming Pool specifications for the proposed pool or submit a PDF copy.
 - Additional specifications may be required per the Building and Engineering Department.
 - The Plat of Survey shall show both – the pool and the fence for a complete submittal.

Fences

- Consider contacting the Engineering Department to confirm the location, size/height of a Fence and where it may be allowed on property/parcel.
- Submit Village of Caledonia **Fence Permit Application**.
 - Supply a Plat of Survey or a scaled site drawing that shows the proposed locations and lengths of the fence being installed.
 - Additional documentation may be required by the Engineering Department.
