SEE REVERSE SIDE FOR FENCE REGULATIONS

# ABBREVIATED REGULATIONS

PLEASE REFER TO TITLE 15 – CHAPTER 5 – FENCES OF THE CALEDONIA CODE OF ORDINANCES (ORDINANCE 99-8)  
FOR SPECIFIC DEFINITIONS, REGULATIONS, RESTRICTIONS, AND ALLOWANCES.

- The maximum fence height within a street yard of a residential property is 4' unless it is located more than 75 feet from the public road right-of-way extending across the primary frontage of the property. The street yard of a residential property is the portion of a lot between a residence and any public road Right-of-Way bordering the property.
- The maximum fence height within a rear yard or side yard of a residential property is 6'.
- A supporting fence post set into the ground may exceed the above restrictions by six inches (6").
- No fence may exceed any visual clearance requirements established by Village ordinances.
- Fences on commercial and industrial properties shall not exceed 8 feet in height, unless provided otherwise in a Conditional Use.
- The "good side" of the fence, that which is considered most aesthetically pleasing, must face the adjoining property or face the public road right-of-way. The Village Engineer shall determine the "good side" and shall make such determination upon request.
- No fence, including fence posts, shall exceed 8 feet in height.

A FENCE MAY **NOT** BE LOCATED WITHIN AN EASEMENT OR RIGHT-OF-WAY.

THE APPLICANT IS RESPONSIBLE FOR THE FENCE BEING LOCATED ON THE INTENDED PROPERTY and certifies that the fence does not encroach into any utility easement, public right-of-way, vision clearance area, or neighboring properties. THE APPLICANT FURTHER AGREES THAT IF THE FENCE IS BUILT IN OR ACROSS ANY OF THESE AREAS, THE APPLICANT WILL BE RESPONSIBLE FOR REMOVING AND REPLACING THE FENCE.

BY ISSUING A PERMIT, THE VILLAGE IS NOT CERTIFYING THAT THE INTENDED LOCATION OF THE FENCE IS NOT WITHIN AN EASEMENT OR RIGHT-OF-WAY OR ON THE IDENTIFIED PARCEL. The Village checks its available records, but a full title search would be needed by the owner to verify the presence of all easements and rights-of-way and a certified survey would be required by the owner to identify the precise boundaries of the property.
