County Trunk Highway "G" Project Flyer

2021 Resurfacing

*Racine County will resurface
County Trunk Highway "G"
(5 1/2 Mile Road)*

*The county plans
to begin work on
Monday October 11, 2021.
It may take 2-3 weeks to
complete this project.*

Check inside for details.

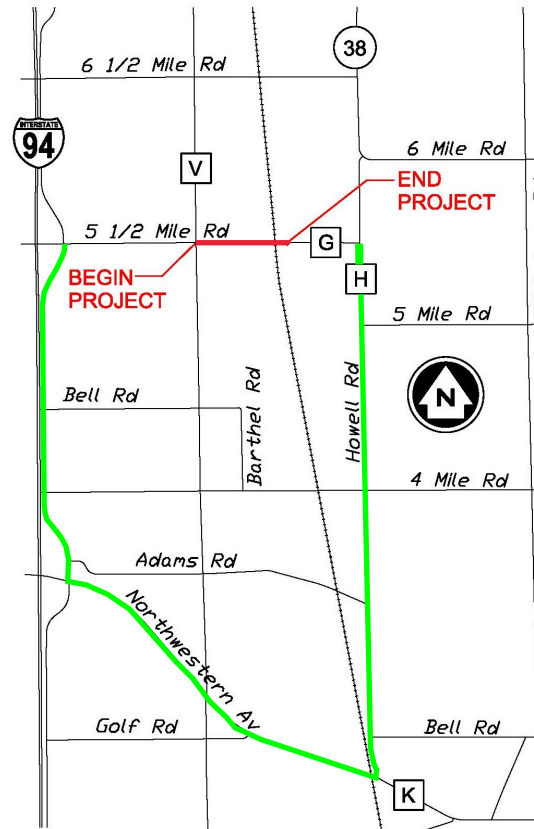

Project Overview

Traffic Control

Racine County will detour through-traffic during the course of this project. Motorists may use highway "G" to access the homes and businesses within the project area. The county will work to maintain normal school bus service. Of course, motorists should budget more travel time to allow for minor delays.

Road-base preparation

The County will begin this phase of the project by sawing the pavement at the boundaries of the work area. When the sawing is complete, machines will mill the existing asphalt pavement material. The county will maintain the existing road alignment. Expect small changes near crossroad intersections.

Pavement

When milling is complete, the county will place the first layer of asphalt pavement. After, the county will lay the final course of pavement.

Completion

At this stage, the county will apply fresh pavement markings on the new asphalt surface.

Information

During weekdays from 8 A.M. to 4:30 P.M., to report an urgent project concern, provide suggestions or request more information, contact Racine County Public Works by email RCPublicWorks@racinecounty.com or dialing (262)886-8440.
