Karie Pope, Village Clerk

## COVID-19

### DHS Releases Halloween Guidance

*This bulletin is being sent to local health officers, tribal health directors, public health nurses and staff, and key DPH staff.*

The Department of Health Services has posted guidance to the [COVID-19 Staying Safe in Your Community](#) page with recommendations on how to have a safe and healthy Halloween.

DHS recommends avoiding the following types of events:

- Large outdoor gatherings such as parties, festivals, and parades
- In-person indoor parties and celebrations
- Happy hours or socializing at bars
- Traditional trick-or-treating from neighbor to neighbor

The guidance provides ideas for alternative celebrations, such as:

- Virtual costume contests and parties
- Increasing celebrations at home through decorations and family activities
- Drive-through haunted houses

If your community plans to host trick-or-treating this year, it is recommended that individual grab bags be placed outside for children to take for a contact-free experience.

You can read all of the recommendations [here](#). Additionally, please review the [Decision Tool for Individuals and Families](#) to help think through how to reduce risk and how individual decisions might impact others.

Please do not respond to this email. If you have questions, please email [DHSLTHDResponse@wi.gov](mailto:DHSLTHDResponse@wi.gov).
