**Subject:** 2023 WI Act 73 changes to bar closing hours during the RNC

Dear Kathy and Jennifer,

In December of 2023, the state adopted 2023 Wisconsin Act 73, which, among other provisions, extended the closing hours of any Class B Beer, Class B Liquor, and Class C Wine premises and any producer's full-service retail outlets in a Southeast Wisconsin municipality while the Republican National Convention ("RNC") is occurring in Milwaukee. The provisions that extended closing hours became effective on December 8, 2023. Per the Act, "'Southeast Wisconsin municipality' means a municipality any part of which is located within Kenosha, Racine, Walworth, Rock, Milwaukee, Waukesha, Jefferson, Dane, Ozaukee, Washington, Dodge, Columbia, Sheboygan, or Fond du Lac County."

Under current law, Class B Beer, Class B Liquor, and Class C wine retail licensed premises follow the general closing times by closing the establishment between the hours of 2:00 a.m. and 6:00 a.m. Monday – Friday and between 2:30 a.m. and 6:00 a.m. Saturday and Sunday. *See*, Wis. Stat. §§ 125.32(3)(a), 125.68(4)(c), 125.29(8)(a), 125.51(5)(a), and 125.53(4)(a).

Act 73 extends the closing hours during which retailers located in a "Southeast Wisconsin municipality" must close during the RNC in Milwaukee – July 15<sup>th</sup> through July 18<sup>th</sup> of 2024. Specifically, from the first day of the convention until the day after the convention's last day, (1) any Class "B" beer, "Class B" liquor, or "Class B" wine-only retail licensed premises; or (2) any producer's full-service retail outlet located in a Southeast Wisconsin municipality must be closed between the hours of 4:00 a.m. and 6:00 a.m.

The municipalities have some power to exempt all retail establishments and full-service retail outlets within their jurisdiction or certain classes of establishments from the extended hours under the Act.

Under the Act, a Southeast Wisconsin municipality may adopt an ordinance to opt-out of these extended hours for all retail entities located within the municipality.

Additionally, a municipality may choose to designate "any licensee holding a license issued by the southeast Wisconsin municipality ... as ineligible or disqualified for the extended closing hour specified in [the Act]" and the Act tasks the municipality with creating a process to designate those license holders. To my knowledge, no Wisconsin municipalities have created a process to designate a license as ineligible for the extended closing hours under the Act and this route appears to be unpopular. However, seeing as these extended closing hours are part of a larger property right, a permissible process would have to include an appeals provision, standards for the designation, and a hearing at minimum. If this route is chosen, it is recommended that the Village designates ineligible "classes" of businesses (i.e. gas stations, clubs, etc.) and not by picking and choosing ineligible businesses within a certain "class" (i.e. one bar is ineligible for the extended closing time but all other bars in the municipality may remain open). It is more difficult to permissibly apply standards for

exclusion to one specific business and not other similarly situated businesses than it is to apply standards for exclusion to an entire group of similarly situated businesses.

**It is PEG’s recommendation that, if the Village does not wish for its Class B Beer, Class B Liquor, Class C wine and producer’s full-service retail outlets to remain open until 4:00 a.m. during the RNC, the Village should consider opting out of the extended closing hours for all retail establishments within the jurisdiction of the Village via ordinance, or (2) creating a process by which the Village designates certain classes of establishments as ineligible for the extended closing hours and that such a process contain the minimum standards set forth above to comply with due process requirements and will exempt “classes” of establishments and not specific establishments within a “class.”**

For your reference, the language of 2023 Wisconsin Act 73 (4)(a) – (d) is below:

**“(4) RETAIL CLOSING HOUR EXCEPTION FOR 2024 NATIONAL POLITICAL CONVENTION.**

(a) In this subsection:

1. “Convention period” means the period beginning on the first day of a national political convention held in Milwaukee in the summer of 2024 until the day after the convention’s last day.
2. “Municipality” has the meaning given in s. 125.02 (11).
3. “Southeast Wisconsin municipality” means a municipality any part of which is located within Kenosha, Racine, Walworth, Rock, Milwaukee, Waukesha, Jefferson, Dane, Ozaukee, Washington, Dodge, Columbia, Sheboygan, or Fond du Lac County.

(b)

1. Notwithstanding s. 125.32 (3) (a), but subject to subds. 2. and 3., during the convention period, the closing hours for premises operating under a Class “B” license issued by a southeast Wisconsin municipality shall be between 4 a.m. and 6 a.m.
2. A southeast Wisconsin municipality may establish a process to designate, and may so designate, any licensee holding a license issued by the southeast Wisconsin municipality and to which subd. 1. would otherwise apply as ineligible or disqualified for the extended closing hour specified in subd. 1.
3. Notwithstanding s. 125.32 (3) (d), a southeast Wisconsin municipality may, by ordinance adopted after the effective date of this subdivision, opt out of subd. 1. and retain during the convention period the closing hours specified in s. 125.32 (3) (a).

(c)

1. Notwithstanding s. 125.68 (4) (c) 1., but subject to subds. 2. and 3., during the convention period, the closing hours for premises operating under a “Class B” or “Class C” license issued by a southeast Wisconsin municipality shall be between 4 a.m. and 6 a.m.
2. A southeast Wisconsin municipality may establish a process to designate, and may so designate, any licensee holding a license issued by the southeast Wisconsin municipality and to which subd. 1.

would otherwise apply as ineligible or disqualified for the extended closing hour specified in subd. 1.

3. Notwithstanding s. 125.68 (4) (c) 5., a southeast Wisconsin municipality may, by ordinance adopted after the effective date of this subdivision, opt out of subd. 1. and retain during the convention period the closing hours specified in s. 125.68 (4) (c) 1.

(d)

1. Notwithstanding ss. 125.29 (8) (a), 125.52 (5) (a), and 125.53 (4) (a), but subject to subs. 2. and 3., during the convention period, the closing hours for a full-service retail outlet under s. 125.29 (7), 125.52 (4), or 125.53 (3), and the on-premises sales hours on brewery premises, manufacturing or rectifying premises, and winery premises, operating in a southeast Wisconsin municipality shall be between 4 a.m. and 6 a.m.
2. A southeast Wisconsin municipality may establish a process to designate, and may so designate, premises in the municipality of any permittee under s. 125.29, 125.52, or 125.53 to which subd. 1. would otherwise apply as ineligible or disqualified for the extended closing hour specified in subd. 1.
3. A southeast Wisconsin municipality may, by ordinance adopted after the effective date of this subdivision, opt out of subd. 1. and retain during the convention period the closing hours specified in ss. 125.29 (8) (a), 125.52 (5) (a), and 125.53 (4) (a), as unaffected by par. (b)."

# MEMORANDUM

Date: May 8, 2024

To: Committee of the Whole  
Village Board

From: Ryan Schmidt, P.E.  
Village Engineer

Re: **Payne & Dolan – Racine Quarry – Explosives and Blasting Permit**

---

## BACKGROUND INFORMATION

The Village of Caledonia issues and annual Explosives and Blasting Permit for the Payne and Dolan Racine Quarry. The information and the required permit fees for the Permit was submitted by Payne & Dolan on April 15, 2024. The information for the permit was reviewed by the Engineering Department and appears to be in order. There is one expired license as of the application date and two that will expire during the permit period that will need to be updated at those times. An updated Blaster List is required to be submitted for the Village Board Meeting by May 28<sup>th</sup> to correct the current expired license and if any modifications are made during the permit period, a new list shall be provided.

Assembly Bill 245 was recently approved in regards to quarries. It prohibits conditions being added to current permits and operators are still required to meet conditions such as pre-blast notices and complying with blasting regulations. After discussion with Payne & Dolan, AB 245 should not change anything as is currently established with the Blasting Permit.

This Explosive and Blasting Permit is valid from July 1, 2024, to June 30, 2025. This Explosive and Blasting Permit is hereby recommended for approval at the May 14<sup>th</sup> Committee of the Whole meeting and the May 28<sup>th</sup> Village Board Meeting. This permit is running in conjunction with the Conditional Use Permit that will also go to Plan Commission.

## RECOMMENDATION

**Move to approve the Explosive and Blasting Permit for Payne & Dolan, Inc. – Racine Quarry subject to the following:**

- 1. An updated Licensed Blaster List for the Racine Quarry is submitted to the Village as licenses are renewed or staff are added so a current list is on file at the Village Hall.**

## Explosives Use

---

**Blasting Designs:** • Generally, there are seven different blasting designs that could be used at the Payne & Dolan Racine Quarry. The specific blast design used varies with the blast location, rock formation and/or face height being blasted. All standard blast designs can be described as one of the seven following types:

Type 1: Production shot, 3-1/2" hole, no deck

Type 2: Production shot, 3-1/2" hole, single deck

Type 3: Production shot, 4" hole, no deck

Type 4: Production shot, 4" hole, single deck

Type 4: Production shot, 3" hole, no deck

Type 5: Production shot, 3" hole, single deck

Type 6: Production shot, 3" hole, double deck

Variations on these methods are occasionally used when development is taking place.

**Explosives Supplier:** Different manufacturers according to cost, efficiency, and availability may supply explosives used in the quarry. The emulsion based blasting agent is supplied by Quick Supply, and is the current standard blasting agent supplier in use at the Racine Quarry. Payne & Dolan, in following normal operating procedures, does intend to seek improvements in blast performance by the introduction of new and/or different explosive products as available. No dynamite products are used at the Racine Quarry.

**Blasting Systems:** An electronic blasting system is the form of blasting technique in use:

Quick Supply: The Digital Control System previously used has been replaced by the new and improved Electronic System which enables previously unobtainable levels of blasting control through its precision timing and flexibility. Delay periods can vary between 0-15,000 milliseconds, with a 1 millisecond increment according to the attached Standard Blast Designs. Electronic blasting system will allow us to be safer, environmental sound, and neighbor friendly.

**Note:** See "Standard Blast Designs" for additional details on the seven standard blast designs.

## Scale Distance Calculation

In accordance with Regulation 3 (D) (2) (d) (v), a scale distance factor of 100 has been used to determine the area of pre-blast notification. There is no change to the maximum charge used at the explosives use boundary from previous renewals.

Larger charges may be used inside the explosives use boundary, however, the charge per delay and scale distance notification radius relationship will not exceed that of the max charge listed at the perimeter of each pit. For example, a charge of 125 lbs/delay could be used at 330 ft inside of the East Pit Explosives Use Boundary and be equivalent to the max of 62 lbs/delay at the explosives use boundary. (See Map 1)

The distances from the explosives use boundary for pre-blast notification were calculated as follows:

$$\text{Notification Radius (ft)} = \text{Scale Distance} \times \sqrt{\text{Max Charge at Perimeter} \left(\frac{\text{lbs}}{\text{delay}}\right)}$$

### East Quarry Blasting

Max Charge at Explosives Use Boundary = 62 lbs/delay

$$\text{Notification Radius (ft)} = 100 \times \sqrt{62 \frac{\text{lbs}}{\text{delay}}}$$

Notification Radius = 788 ft

### West Quarry Blasting

Max Charge at Explosives Use Boundary = 82 lbs/delay

$$\text{Notification Radius (ft)} = 100 \times \sqrt{82 \frac{\text{lbs}}{\text{delay}}}$$

Notification Radius = 906 ft

Stat., and other such animals susceptible to use for commercial purposes, including domesticated fowl, such as chickens (includes hens and 17 (2) roosters) (as defined in, and except as may be permitted under Sec. 7-1-26), turkeys, geese, ducks, guineas, or other poultry. For the purposes of determining the number of units of livestock allowed on a parcel each unit of livestock shall equal 1000 pounds worth of livestock which shall be calculated pursuant to s. NR 243.05\* of the Wisconsin Administrative Code.

### (2) Keeping of Livestock.

a. Prohibition. It shall be unlawful for any person to keep any livestock within the Village unless otherwise permitted by this Chapter, and specifically by Sec. 7-1-26, or by the Zoning Code which has been adopted by the Village pursuant to Title 16 of this Code of Ordinances.

#### b. Exceptions.

1. Agricultural Use. Livestock may be kept on any parcel zoned for agricultural use provided the area of the parcel is at least two acres. The first two acres shall contain no more than one unit of livestock. Thereafter, each additional unit of livestock shall require one additional acre of land unless otherwise allowed by the zoning code or conditional use permit.

2. Residential Use. Livestock, except Chickens as that term is defined under Sec. 7-1-26, may be kept on any parcel zoned for residential use provided the area of the parcel is at least five acres and the livestock is housed more than 150 feet from every residence not on that parcel. The first two acres shall contain no more than one unit of livestock. Thereafter, each additional unit of livestock shall require one additional acre of land unless otherwise allowed by conditional use permit. The keeping of Chickens, as that term is defined under Sec. 7-1-26, on residentially zoned parcels shall only be allowed as permitted in accordance with Sec. 7-1-26 of this Code. Roosters on residentially zoned parcels are prohibited.

3. Pre-existing Uses. Livestock legally kept on a parcel prior to the adoption of this ordinance shall be allowed to remain on the parcel notwithstanding a violation of this section provided that the livestock is not determined by the Village Board to be a nuisance following a hearing on the matter if one is requested in writing by a neighbor residing on a parcel within 300 feet of the parcel where the livestock is kept.
