June 23, 2025 Report Background:

The Special Comprehensive Plan Committee is a temporary advisory group formed to assist the Plan Commission in updating the Village's 16-year-old Comprehensive Plan. This update is essential to ensure future planning reflects current data, community values, and emerging trends that support smart growth, resilience, and a high quality of life.

The current plan, *A Multi-Jurisdictional Comprehensive Plan for Racine County: 2035*, will be updated with a focus exclusively on the Village.

The committee's main role is to provide diverse community input and help shape a long-term vision that reflects the priorities of residents, businesses, and other Village stakeholders. Acting as a bridge between the public and the planning process, the committee will offer recommendations but will not make final decisions.

Committee members will collaborate with Village staff and the Southeastern Wisconsin Regional Planning Commission (SEWRPC), the professional planning consultant for this project. SEWRPC will lead the technical work, while the committee ensures community perspectives are integrated throughout the process.

The planning effort is expected to take 18 to 24 months, resulting in an updated Comprehensive Plan to guide the Village's growth and development for the next 10 to 20 years.

Per Municipal Code Section 2-5-3(c), the Plan Commission President has the authority to appoint members to a special committee. Appointments will be made with an emphasis on achieving a diverse and representative membership drawn from various stakeholder groups throughout the Village.

Scope of Work

The committee's responsibilities and scope of work will include the following key components:

1. Community Engagement and Outreach (Public Participation Plan)

- Collaborate with staff and SEWRPC to design and implement public engagement strategies, such as surveys, workshops, open houses, and stakeholder interviews.
- Help promote engagement opportunities to ensure diverse community participation.
- Review and provide feedback on community input to ensure that it is accurately reflected in planning documents.

2. Review of Existing Conditions

- Evaluate existing data, reports, and background information including land use, housing, transportation, economic development, natural resources, infrastructure, and demographics.
- Identify trends, challenges, and opportunities relevant to the Village's future growth and development.

3. Vision and Goal Setting

- Assist in drafting a long-term vision statement that reflects community values and aspirations.
- Recommend goals and guiding principles to support the vision and inform the direction of the Comprehensive Plan.

4. Policy and Strategy Development

- Provide input on proposed policies, programs, and strategies related to:
 - Land use and zoning
 - Transportation and mobility
 - Housing and neighborhood development
 - Parks, open space, and environmental sustainability
 - Economic development and job creation
 - Public services and infrastructure
- Review alternatives and scenarios to help shape future land use patterns.

5. Plan Review and Recommendations

- Review draft sections of the Comprehensive Plan and provide comments and recommendations.
- Ensure consistency with regional plans, state requirements, and community priorities.
- Support the Plan Commission in identifying potential implementation tools and actions.

6. Final Report and Presentation

- Assist in preparing a summary of the committee's findings and recommendations.
- Present the final recommendations to the Plan Commission.

Composition and Meetings

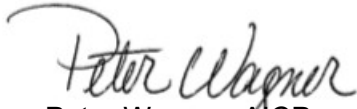

The committee will consist of approximately seven members representing various stakeholder groups including but not limited to: residents, business owners, civic leaders, environmental advocates, developers, and institutional partners. If a Plan Commissioner is aware of a resident or stakeholder that would be a good fit for this project, please provide the name and contact information to the Village President as soon as possible. Once formed, a kickoff meeting will be scheduled sometime in mid-July.

Meetings will be held on a regular basis (e.g., monthly or bi-monthly) throughout the planning process.

The committee will be disbanded upon completion of the Comprehensive Plan update.

The Special Comprehensive Plan Committee will play a crucial role in the building of a vision for the future of the Village by ensuring that the planning process is inclusive, transparent, and responsive to the needs of all community members. Through its work, the committee will help update the Village's Comprehensive Plan that will guide growth, development, and investment in a way that supports a thriving, sustainable, and equitable community.

Public Participation Plan

Village of Caledonia Comprehensive Plan Update

Introduction & Purpose

Public participation is a vital component of the comprehensive planning process. It helps ensure that the plan reflects the community's shared vision for the future and gives residents a meaningful role in shaping local priorities. Through open dialogue, decision-makers and community members exchange ideas, share perspectives, and build a foundation of shared knowledge that informs the plan's goals, policies, and strategies.

The purpose of this Public Participation Plan is to provide a guide for public involvement during the update process for the Village of Caledonia Comprehensive Plan. This plan fulfills the requirements of Section 66.1001(4) of the Wisconsin Statutes and serves as a guide to ensure transparency, inclusiveness, and meaningful citizen input during every phase of the process.

Comprehensive Plan Special Review Committee

A Comprehensive Plan Special Review Committee was formed at the onset of this process. This group serves in an advisory capacity to the Plan Commission to update the Village's 16-year-old Comprehensive Plan. The committee's main role is to provide input on strategies to effectively reach out to a broad and diverse range of stakeholder groups. It also helps ensure that public feedback is effectively captured to create a vision that reflects the priorities of residents, businesses, and other Village stakeholders. Therefore, this committee will act as a bridge between the public and the planning process. Committee members will collaborate with Village staff and the Southeastern Wisconsin Regional Planning Commission (SEWRPC), the professional planning consultant for this project.

Goals

This Public Participation Plan is based on five main goals:

1. Ensure that the public is informed of the planning process.
2. Provide opportunities for all residents, landowners, business owners, and other stakeholders to participate.
3. Encourage open communication between citizens and officials.
4. Gather meaningful public input at all stages of the planning process.
5. Foster public understanding of the comprehensive plan content and purpose.

Public Notification

All meetings and events related to the comprehensive plan will be open to the public, and the Village of Caledonia will provide advance notice of public participation in accordance with Chapter 985 of the Wisconsin Statutes. Public participation opportunities will be announced through multiple channels, including:

- Village website postings
- Local newspapers
- Social media platforms
- Public bulletin boards at the Village Hall

Public Participation Methods

The Village will use a variety of methods to encourage public participation. Village staff will coordinate all public engagement activities throughout the comprehensive planning process. The table below outlines each method, along with its intended purpose, target audience, and proposed timing.

Public Hearing	Allow formal input on the final draft of the plan	General public	Prior to plan adoption

▪ **Community Survey**

An online survey will be publicized to Village residents using the channels specified in the Public Notification section. QR Codes will also be placed in Caledonia parks and other public spaces. The survey will gather public input on key topics addressed in the comprehensive plan.

▪ **Workshop sessions**

Workshop sessions will use visual mapping, quick polls, and other participatory tools to build public awareness about the planning process and help create a shared vision for the future. Participants will identify their top priorities for the short-, medium-, and long-term future by ranking key issues and opportunities. These exercises will serve as the foundation for the development of plan goals and objectives.

Documentation of Public Participation

All public input and participation efforts will be documented and included in the final comprehensive plan. This documentation may include meeting summaries, photographs, survey results, public comments, and attendance records, demonstrating how public feedback informed the comprehensive planning process.

Opportunities for Public Review and Comment

Draft plan materials will be made available for public review both online and at Village offices. A formal public hearing will be held before the adoption of the comprehensive plan, allowing citizens to ask questions and provide comments about the final draft.

Adoption

This Public Participation Plan is adopted by the Village of Caledonia Village Board via resolution, in accordance with Wis. Stat. § 66.1001(4)(a). Copies of this adopted plan are available both online and at Village offices for consultation.
