

# WIS 38 (Northwestern Ave.) over Root River Bridge Replacement

City of Racine/Village of Mount Pleasant, Racine County

## PUBLIC INVOLVEMENT MEETING Thursday, November 9, 2017 (4 to 6 p.m.)

The Wisconsin Department of Transportation (WisDOT) has scheduled a public involvement meeting to present and discuss the proposed improvement for the WIS 38 (Northwestern Ave.) bridge replacement project over the Root River.

The meeting is scheduled for **Thursday, November 9, 2017** at **Gilmore Middle School – Cafeteria – 2330 Northwestern Avenue, Racine, WI 53404**. The meeting will follow an open house format. You may stop in anytime between 4 to 6 p.m. to review the proposed improvements and provide comments to WisDOT staff regarding the project. All persons having an interest in the project are encouraged to attend.

### Purpose and Need:

The existing WIS 38 structure over the Root River is reaching the end of its useful service life and is unable to provide the capacity needed for acceptable operations for the intersections of WIS 38 and County MM and WIS 38 and Rapids Drive. The purpose of this project is to replace the existing structure with a new, structurally sound structure that improves modal relationships and mobility for all users.

### Proposed Improvements:

- Replace existing structure over Root River with new, wider structure that accommodates additional capacity at WIS 38 and County MM intersection
- Upgrade signals at WIS 38 and Rapids Drive with a signal head over each lane.
- Provide pedestrian accommodations at WIS 38 and Rapids Drive

### Proposed Impacts:

- More information will be provided at the meeting regarding:
  - Traffic Control Alternatives: WIS 38 Full Road Closure vs. Staged Construction
  - Real Estate Impacts
  - Access closures
  - Environmental Issues

# Construction Fall 2021 or Fall 2022
